## President's Message

### Greetings!

Last meeting was great, in my humble opinion. It is nice to see our club stepping up getting more involved. We scheduled a table at the UCC STEAM fair, which was well attended, thank you all who showed up.? After the STEAM fair we headed down to Roseburg to staff a table at the Preparedness fair.? We had lots of interest in both shows. Pamphlets and information were given. Hopefully it will pay dividends with an increase of membership and younger blood showing up. The field day event for the club this year will be at the River Bend park in Winston. Everyone seems excited about that, thank you Biff for arranging that. We also have an antenna class starting on June 1st. Contact Doug KW6E for more information on that.? We are also becoming more financially stable as a club not removing some of our liabilities. I think that was just a responsible thing to do and it is paying off.

Our auction was also fun last meeting, being able to build up our repeater fund in the process. Overall I'm very excited to see the direction this club is going and am looking forward to see what it next! Good job ya' all! 73 Dennis Riggs
