President's Message

Greetings!

We had a great meeting this month! There was a good turn out and lots of discussion about the addition of language to our Bi-Laws. There were good points made on both sides on addressing the situation of prohibiting open carry and voice recorders at our functions. The vote was passed to add the words for prohibiting open carry. It is important to note the reason for the language is to eliminate any barriers from people joining our group and to remain a-political by any misunderstandings of open arms at our functions.

The voice recording prohibition was just to make our people more comfortable about expressing their views through conversations without fear of reprisal at a later date somehow. With technology the way it is these days, you never know what will show up where.

Remember to nominate your Ham of the Year. You can find the forms on our website. Until next time, safe Hamming! 73 Dennis Riggs WA7RIG
