Next Meeting Aug. 17 @ 6pm – This is the Ice Cream Social

No testing was done in July

Extra Exam Question of the Month

E1A02

When using a transceiver that displays the carrier frequency of phone signals, which of the following displayed frequencies represents the lowest frequency at which a properly adjusted LSB emission will be totally within the band?

- A. The exact lower band edge
- B. 300 Hz above the lower band edge
- C. 1 kHz above the lower band edge
- D. 3 kHz above the lower band edge

Answer at the end of the newsletter

Ice Cream Social

The August meeting is the Ice Cream Social. It will be in place of our regular meeting. The Ice Cream Social will be on Aug. 17th, at The Way Church. Note that the starting time is 6pm. The Ice Cream Social is a potluck dinner, with ice cream following provided by the Club.

>>>>>Club Positions Available<<<<<
